

Bird Dog Jake

Jake hit his alias right on the head. He loved his dogs and loved to hunt with them. He also was an avid fly fisherman.

Jake was a retire PA State Trooper, having spent 34 years on the force. I guess that is where he learned his proficiency with firearms. Although he was not the fastest cowboy on the range, he most certainly was one of the most accurate. During his cowboy years, Jake shot 137 clean matches. That has to be some kind of record!

Talking to Jake about dogs, fishing and shooting was always a pleasure and he is greatly missed on Regulator Ridge.
